

Our Vision

'P4YP CIC' will provide excellent early intervention support services to raise aspirations and meet the needs of young people and their families.

Our Principles

1. Raising aspirations of young people and the community.
2. Meeting individual need and overcoming barriers.
3. Community involvement and neighbourhood renewal.
4. Collaboration with partnerships on the community.
5. Keeping young people in education and providing strategies of support in their future development.
6. Increasing achievement levels for young people and the community to raise aspirations and engagement.
7. Involving young people and the community, taking into account their views on provision.
8. Inclusivity for all.

Our Aims

1. To encourage achievement for all by effectively working in the community to overcome barriers to learning.
2. To ensure that children and their families are located at the heart of any operational activity.
3. To provide coherent and consistent practices in working with children and their families.
4. To provide planned joint activities aimed at promoting choice and inclusion and the prevention of unwanted outcomes.
5. To provide support to enable young people and the community to have improved choices and access to training and development.
6. To create stronger communities with more active engagement, working together to tackle problems.
7. To provide early intervention strategies and support to increase awareness, break down barriers and remove social stigmas.
8. To provide solution-focused projects that supports the health and wellbeing of young people.

9. To provide wrap around support services to young people in the community and school environment.
10. To create intergenerational projects in the community.
11. To provide support services for young people with mental health issues.

To provide youth activities in the community to encourage engagement and to create and support entrepreneurial skills.
